

Camellia / Prickly Pear Face Oil

This luxurious fragrant rose Facial Oil treatment combines the namesake of aroma M Beauty, Camellia Oil and the potent elixir, Prickly Pear Seed Oil. We discovered this powerful oil on a stay in Marrakech and were hooked after a few days of use. In addition to these two power packed oils we have added these emollient organic oils: Golden Jojoba, Apricot Kernel, Evening Primrose, Virgin Argan, and Vitamin E. Camellia/ Prickly Pear Face Oil is charged with the heady synergy of Moroccan Beldi Rose Essential Oil, Egyptian Rose Essential Oil and Frankincense Essential Oil. This is the ideal liquid moisturizer for hydrating skin to create a luminous complexion. This elixir effortlessly melts into complexions that are normal, oily, or dry without leaving any residue, and adds the experience of uplifting, fully natural fragrance to soothe the mind and heart. Maria McElroy of Aroma M Beauty has combined her experience in the beauty rituals of the Japanese Gion Geisha and Western aromatherapy traditions to create a material for a beneficial and beautiful beauty ritual that combines the best of both traditions.

Camellia Oil

Camellia oil has been a Japanese beauty secret for centuries, and considered to be so beneficial and valuable that has become a symbol of wealth, virtue and happiness. It is made from cold pressed Japanese camellia (Tsubaki) buds, which is a member of the tea family. It is very lightweight and absorbs well. Camellia oil is lighter than oils such as shea butter and jojoba, and is hypoallergenic and will not clog skin pores. It is a superb daily moisturizer and emollient, protecting skin from chafing and drying out, and replenishes vital nutrients, as it offers a variety of healing, nourishing and stimulating properties to purify and protect the skin. It restores skin's pH balance and shields skin from penetration of environmental pollutants. It acts as a natural sun block by forming a barrier against harmful UV rays. For men, Camellia oil is an excellent skin conditioner after shaving. Shaving is an exfoliate and may leave skin dry and sensitive. With regular application, the skin will be moisturized and nourished. Its soothing qualities aid in preventing irritations and shaving burns.

Prickly Pear Seed Oil

Known as the “Miracle Plant” is able to survive with very little water and still produce healthy fruit. The Prickly Pear Cactus contains small black seeds, from which the oil is extracted. It is extremely high in essential fatty acids, Omega 6 and 9, and the natural antioxidant vitamin E. It is also rich in amino acids, which stimulate collagen production to promote faster cell turnover. It also contains vitamin k, which brightens under-eye dark circles and also promotes your skin’s elasticity. It’s great for all skin types, especially for mature skin. Our Cactus Seeds oil is extracted during a very time-consuming and laborious procedure taking around 36 hours, manually handled by Moroccan women at a cooperative. 8 tones of cactus pears are needed to production.

Rice Bran Oil

Rice bran oil is rich in Vitamin E and fatty acids and is able to deeply penetrate into the skin’s layers, nourishing from within, making your skin very soft and velvety. It improves skin’s elasticity, making it appear more youthful and plump and hydrates the skin and helps it to retain moisture, making the skin smooth. It has anti-inflammatory properties that can help sooth and calm down irritated skin. It protects the skin from external aggressions such as wind, cold and polluted city environments, and can protect the skin from harmful sun damage, working as a natural sun block.

Golden Jojoba Oil

Jojoba oil naturally heals skin damage with its beneficial stimulating and purifying properties. It is wonderfully effective in sustaining the skin’s natural moisture as needed to prevent dryness. The extract of the seeds mimics the natural oil produced by sebaceous glands in the skin and is absorbs quickly to impart a velvety finish.

Apricot Kernel Oil

Sought out for its high vitamin E content and skin softening properties, apricot kernel oil is known for its ability to penetrate the skin without leaving an oily feel. Organic apricot kernel oil contains natural vitamins A and E, which soothe the skin and slow signs of aging. It helps rehydrate dry skin.

Evening Primrose Oil

Evening Primrose Oil rejuvenates tired and aging skin, and is especially gently refreshing for tired skin around the eyes. It will soothe and help to remove redness and minor blemishes. It helps dry skin feel more supple and smooth, and plumps up the skin.

Virgin Argan Oil

Argan oil is a complex mixture of chemical compounds, with fatty acids, polyphenoles, antioxidants, carotenoids and other acids. It protects the skin against wrinkles and premature aging, and helps reduce the appearance of crow's feet. Protein rich Argan oil is excellent for increasing the elasticity of skin. It strengthens skin's protein bonding structures, which work to tighten the skin and make it look fresh. It will reduce skin irritation and oversensitivity, and quickly heals scratches on the skin. Argan oil is equally good for both dry and oily skin, because it regulates and normalizes the secretion of sebum and keeps it to a manageable level.

Moroccan Beldi Rose Essential Oil

Known as the Queen of Flower Oils, Moroccan Rose oil is one of the world's most expensive and revered essential oils. We discovered this fragrant Beldi Moroccan Rose oil on our adventure in Tangier. Stunning and exotic, it combines healing and soothing properties. This heady sweet and floral fragrance is one to make you swoon.

Egyptian Rose Essential Oil

Extremely rich, deep, warm, honeyed true velvety rose aroma with a hint of spice. A hydrating antioxidant that refines skin, treats acne, reduces redness and inflammation. Maximizes the benefits of all ingredients by allowing deeper penetration.

Frankincense Essential Oil

Frankincense is a powerfully beneficial and fragrant skin rejuvenator. It is antiseptic and anti-inflammatory and can balance oily or dry skin. It improves skin's tone and texture and speeds healing and is helpful with acne, and blemishes. It can reduce the appearance of scars and age spots. Because it encourages new skin cell growth it is excellent for fighting the signs of aging.

Camellia / Prickly Pear Face Oil retails for \$95.00 40ml. www.aromam.com
